AUTHOR'S GUIDE, 50(1):73–74, 50(6):471–472

BOOK REVIEWS

Activities for personal growth, S Leary, 50(9):756

Assistive technologies: Principles and practice, AM Cooke, SM Hussey, 50(9): 754–755

Body image and perceptual dysfunction in adults, J Van Deusen, 50(6):466–467

Bridging early services for children with special needs and their families, a practical guide for transition planning, S Rosenkoetter, A Hains, S Fowler, 50(10):915

Building for a lifetime: The design and construction of fully accessible homes, M Wylde, A Baron-Robbins, S Clark, 50(6):467–468

Cognitive technology in psychiatric rehabilitation, WD Spaulding, Editor, 50(6):465–466

Coping in young children: Early intervention practices to enhance adaptive behavior and resilience, S Zeitlin, G Williamson, 50(7):603–604

Developing, maintaining, and updating competency in occupational therapy: A guide to self-appraisal, The Competency Task Force, 50(7):603

DSM-IV made easy: The clinician's guide to diagnosis, J Morrison, 50(9):755–756

Dysphagia and the child with developmental disabilities: Medical, clinical, and family interventions, SR Rosenthal, JJ Sheppard, M Lotze, Editors, 50(7):604–605

Ergonomics in back pain: A guide to prevention and rehabilitation,

TM Khalil, EM Abdel-Moty, RS Rosomoff, HL Rosomoff, 50(6):465

Essentials of anatomy and physiology, 2nd edition, VC Scanlon, T Sanders. 50(10):916

Essentials of neural science and behavior, ER Kandel, JH Schwartz, TM Jessel, 50(10):915

Essentials of neural science and behavior: Study guide & practice problems, R Calabrese, J Gordon, R Hawkins, N Qian, 50(10): 915

Hand function in the child: Foundations for remediation, A Henderson, C Pehoski, Editors, 50(7):605

HIV/AIDS: A consumer guide for daily living, G Bedell, 50(6): 463

Imagery for getting well: Clinical applications of behavioral medicine, DD Brigham, A Davis, D Cameron-Sampey, 50(10):915–916

Introduction to research: Multiple strategies for health and human services, E DePoy, LN Gitlin, 50(9):755

Key words in psychosocial rehabilitation: A guide to contemporary usage, MG Eisenberg, Editor, 50(6):464

Legal aspects of documenting patient care, RW Scott, 50(10):913

Making changes: Family voices on living with disabilities, JA Spiegle, RA van den Pol, 50(6):466

Making school inclusion work: A guide to everyday practices, K Blenk with DL Fine, 50(6):468–469

Managing pain before it manages you, MA Caudill, 50(9):754

Measurement of joint motion: A guide to goniometry (2nd ed.), CC Norkin, DJ White, 50(6):469

Motor assessment of the developing infant, MC Piper, J Darrah, 50(7):605–606

Motor control: Theory and practical applications, A Shumway-Cook, MH Woollacott, 50(10):913–914

Multicultural issues in the education of students with behavioral disorders, RL Peterson, S Ishii-Jordan, 50(10):916

Occupational therapy intervention in the relief of foot pain, MA Traines, 50(10):914

Occupational therapy: Principles and practice (2nd ed.), AJ Punwar, 50(6):469

Occupational therapy: The first 30 years, 1900 to 1930, VAM Quiroga, 50(10):914–915

Occupation therapy: Transition from classroom to clinic—Physical disability fieldwork applications, V Smith, 50(6):463

Osteoarthritis: Caring for your hands, JL Melvin, 50(9):755

Part of daily life: Alzheimer's caregivers simplify activities and the home, A Morris, G Hunt, 50(6):463–464

Physical change and aging: A guide for the helping professions, 3rd edition, SV Saxon, MJ Etten, 50(10):916

Physiological basis of rehabilitation medicine (2nd ed.), JA Downey, SJ Meyers, EG Gonzalez, JS Lieberman, Editors, 50(6):469

Physiotherapy in paediatrics, 3rd edition, RB Shepherd, 50(10): 916

Prescriptive seating for wheeled mobility; volume 1: Theory, application, and terminology, DE Ward, 50(10):914

Principles and practice of electrotherapy (3rd ed.), J Kahn, 50(6): 469

Psychiatric rehabilitation in practice, RW Flexer, PL Solomon, Editors, 50(6):464–465

Rheumatoid arthritis: Caring for your hands, JL Melvin, 50(9):755

Self-managed work teams in health care organizations, ED Becker-Reems, 50(6):468

Spinal cord injury: Medical management and rehabilitation, GM Yarkony, Editor, 50(6):468

Supporting and strengthening families volume 1: Methods, strategies, and practices, CJ Dunst, CM Trivette, AG Deal, Editors, 50(7):606

BRIEF OR NEW

Computer-assisted instruction in occupational therapy education, G McNurlen, GE Gilkeson, CS Drake, 50(10):890–893

Cruise ship accommodations for passengers with physical limitations due to disability or age, JM Gallagher, AH Hull, 50(8): 685–687

Developing a repertoire of professional behaviors, GS Fidler, 50(7):583–587

Effect of neuromuscular electrical stimulation in reducing tone, TI King II, 50(1):62–64

Making a clinical climate in the classroom, SM Peloquin, KA Babola, 50(10):894–898

Occupational Therapy Task Observation Scale (OTTOS)©: A rapid method for rating task group function of psychiatric patients, RL Margolis, SA Harrison, HJ Robinson, G Jayaram, 50(5):380–385

Pilot study of needs assessment for school-based occupational therapy, CB Royeen, R Furbush, 50(9):747–749

Roles and functions of a case manager, T Fisher, 50(6):452–454

Use of the edema bar for the treatment of burn patients, K Rock, M Costigan, 50(5):386–388

Using the arts to enhance confluent learning, SM Peloquin, 50(2): 148–151

CASE REPORT

Compensatory counting system: Academic skill training, J Hartwick, HK Yuen, 50(9):740–746

Management of avoidance behaviors using direct and indirect psychological methods, HK Yuen, 50(7):578–582

Resumption of outpatient occupational therapy for a young woman five years after traumatic brain injury, DL Nelson, DA Lenhart, 50(3):223–228

CORRECTIONS

Grip strength and finger dexterity across five styles of commercial wrist orthoses, EB Stern [previously published 50(1):32–38], 50(3):193

How forearm position affects grip strength, LG Richards, B Olson, P Palmiter-Thomas [previously published 50(2):133–138], 50(2):147

Presidential address: Trends, tools, and technology, M Foto [previously published 50(8):619–625], 50(10):844

Touch inventory for elementary-school-aged children: Test–retest reliability and mother–child correlations, JW Bennett, CQ Peterson [previously published 49(8):795–801], 50(1):72

Value of studying occupation: An example with primate play, W Wood [previously published 50(5):327–337], 50(8):638

EDITORIAL

Call for editorial board members, E Viseltear, Editor, 50(7):483

Thanks, kind colleagues, E Viseltear, Editor, 50(3):167

FOUNDATION, THE

Case for case study research, AP Colborn, 50(7):592–594

Research abstracts, 50(10):910–912

Research grant proposals and instructions for the research grant application form, 50(1):69–71

GUEST EDITORIAL
Occupational therapy in a managed care environment, BC Abreu, 50(6):407–408

HEALTH POLICY
Policy implications of outcomes research, D Ellek, 50(10):886–889

ISSUE IS, THE
Academic and clinical worlds: Shall we make meaningful connections? SM Peloquin, BC Abreu, 50(7):588–591
Can we influence practice preference? Examining the factors and seeking solutions, KS Stokebrand, KA Blackman, MJ Madigan, SH Cash, 50(2):152–153
COTA: Is a name change the solution? Ad Hoc Committee on COTA Issues, 50(10): 903–905
Is the use of life history and narrative in clinical practice fundable as research? JM Duchek, V Thessing, 50(5):393–396
Is the use of life history and narrative in clinical practice reimbursable? Is it occupational therapy? JP Burke, SB Kern, 50(5): 389–392
Mental health: An endangered occupational therapy specialty? S Paul, 50(1):65–68
Now that we have managed care, shall we inspire it? SM Peloquin, 50(6):455–459
Should occupational therapy adopt a consumer-based model of service delivery? RE Bowen, 50(10):899–902
What is the problem with third-party prescription in school-based practice? CB Royeen, 50(9):750–751

LETTERS TO THE EDITOR
AER explains its role in vision rehabilitation, MB Caruso, B Hunt, L-A Soucey, L Luxton, 50(7):601
Position paper on occupational therapy aides gives wrong message, BP Horowitz, 50(7):601–602
Student anxious about role of the occupational therapist under managed care, KM Knuth, 50(6):462
Working solo, my first job, DE Bergson, 50(9):753
Yerxa's criticisms of cross training are appropriate, KV Skrivanek, 50(1):72

LOOKING BACK
Diversional occupational therapy in World War I: A need for purpose in occupations, JAB Hoover, 50(10):881–885
Use of drama and puppetry in occupational therapy during the 1920s and 1930s, ME Phillips, 50(3):229–233

NATIONALLY SPEAKING
Delineating skilled versus nonskilled services: A defining point in our professional evolution, M Foto, 50(3):168–170
Generalist versus specialist occupational therapists, M Foto, 50(10): 771–774
Life history and narrative research: Generating a humanistic knowledge base for occupational therapy, EA Larson, S-PC Fanchiang, 50(4):247–250
Managed care: Opportunities and challenges for occupational therapy in the emerging systems of the 21st century, C Christiansen, 50(6):409–412
Multiskilling: Who, how, when, and why? M Foto, 50(1):7–9
Outcome studies: The what, why, how, and when, M Foto, 50(2): 87–88

Role release benefits everyone, S Dunn, 50(7):484–485
Roles for school-based occupational therapists: Past, present, future, JD Rourk, 50(9):698–700

REVIEWER'S GUIDE, 50(7):607

Subject Index

A

ACTIVITIES OF DAILY LIVING
Clients' perceptions of discharge housing decisions after stroke rehabilitation, 50(3):207–216

ACTIVITIES OF DAILY LIVING EVALUATION
Assessment of motor and process skills applied cross-culturally to the Japanese, 50(10):798–806
Influence of instrumental activities of daily living assessment method on judgments of independence, 50(3):202–206

ACTIVITY ANALYSIS
Art: An occupation with promise for developing empathy, 50(8): 655–661

ACTIVITY CONFIGURATION ANALYSIS
Experience of head injury on the impairment of gender identity and gender role, 50(7):535–544

ADAPTATION, PHYSIOLOGICAL
Therapeutic occupation: A definition, 50(10):775–782

AFFECTIVE DISORDERS
Clinical interpretation of "Predictors of Functional Outcome Among Adolescents and Young Adults With Psychotic Disorders," 50(3):182–183
Predictors of functional outcome among adolescents and young adults with psychotic disorders, 50(3):171–181

AGED
Delivering occupational therapy's fullest promise: Clinical interpretation of "Life Domains and Adaptive Strategies of a Group of Low-Income, Well Older Adults," 50(2):109–112
Life domains and adaptive strategies of a group of low-income, well older adults, 50(2):99–108
Meta-analysis of the effectiveness of occupational therapy for older persons, 50(2):89–98

AGING
Materials-based, imagery-based, and rote exercise occupational forms: Effect on repetitions, heart rate, duration of performance, and self-perceived rest period in well elderly women, 50(10): 783–789

AMERICAN OCCUPATIONAL THERAPY ASSOCIATION
Association, The
1996 awards and recognitions recipients, 50(10):906–907
AOTA and managed care, 50(6):460–461
AOTA Awards, 50(10):906–907
AOTF Awards, 50(10):907
Current status of IDEA reauthorization, 50(9):752
In memoriam, 50(10):907
Summary of Executive Board conference call, April 2, 1996, 50(10):909

Summary of Executive Board minutes, January 12–13, 1996, 50(10):907–909

Summary of Executive Board minutes, June 1–4, 1995, 50(7):596–598

Summary of Executive Board minutes, October 19–22, 1995, 50(7):598–599

Awards

1996 awards and recognitions recipients, 50(10):906–907

Cordelia Myers Writer's Award, 50(7):494

Business Meeting, minutes

1996 annual business meeting, 50(10):878

Educational Programs

Listing of educational programs in occupational therapy, 50(10): 858–872

Official Documents

Association policies, 50(10): 873–875

Eating dysfunction position paper, 50(10):846–847

Enforcement procedure for occupational therapy code of ethics, 50(10):848–852

Occupational therapy: A profession in support of full inclusion, 50(10):855

Position paper: Providing services for persons with HIV/AIDS and their caregivers, 50(10):853–854

Statement: Purpose and value of occupational therapy fieldwork education, 50(10):845

White paper: The role of the occupational therapy practitioner in the implementation of full inclusion, 50(10):856–857

Representative Assembly, minutes

1996 Representative Assembly summary of minutes, 50(10):876–877

ASSESSMENT PROCESS, OCCUPATIONAL THERAPY

Brief or New—Occupational Therapy Task Observation Scale (OTTOS)©: A rapid method for rating task group function of psychiatric patients, 50(5):380–385

Therapist's guide to children's self-esteem, 50(2):124–132

Volitional questionnaire: Psychometric development and practical use, 50(7):516–525

ATTENTION DEFICIT DISORDER WITH HYPERACTIVITY

Analysis of score patterns of children with attention disorders on the Sensory Integration and Praxis Tests, 50(8):647–654

B

BACK INJURIES

Minimal forces to move patients, 50(5):354–361

BONDING, HUMAN-PET

Pet therapy intervention with geriatric psychiatry inpatients, 50(1): 47–51

BRAIN DAMAGE, CHRONIC

Case Report—Management of avoidance behaviors using direct and indirect psychological methods, 50(7):578–582

BURNS

Brief or New—Use of the edema bar for the treatment of burn patients, 50(5):386–388

C

CEREBRAL PALSY

Effect of an inhibitive weight-bearing splint on tone and function: A single-case study, 50(10):807–815

CEREBROVASCULAR DISORDERS

Effects of an occupationally embedded exercise on bilaterally assisted supination in persons with hemiplegia, 50(8):639–646

Reliability of potential clinical measures of muscle tone in the elbows of patients after stroke, 50(7):554–560

Right-hemispheric activation approaches to neglect rehabilitation poststroke, 50(7):504–515

Shoulder pain and subluxation after stroke: Correlation or coincidence? 50(3):194–201

CHILD, PRESCHOOL

Play-focused intervention involving mothers of preschoolers, 50(2): 113–123

CLINICAL COMPETENCE

Brief or New—Making a clinical climate in the classroom, 50(10): 894–898

COGNITION

Case Report—Resumption of outpatient occupational therapy for a young woman five years after traumatic brain injury, 50(3): 223–228

COMMUNICATION BARRIERS

Comparison of verbal evaluation of clients with limited English proficiency and English-speaking clients in physical rehabilitation settings, 50(10):816–825

COMPETENCE

Brief or New—Developing a repertoire of professional behaviors, 50(7):583–587

Effects of a skiing experience on adolescents with limb deficiencies: An occupational adaptation perspective, 50(1):24–31

COMPUTERS (GENERAL)

Brief or New—Computer-assisted instruction in occupational therapy education, 50(10):890–893

COMPUTERS (USE IN THERAPY)

Effect of switch control site on computer skills of infants and toddlers, 50(7):545–553

COSTS AND COST ANALYSIS

Interest among occupational therapy managers in measuring workload for case costing, 50(6):447–451

CULTURE (ANTHROPOLOGY)

Alma: Coping with culture, poverty, and disability, 50(4):265–276

Life histories in occupational therapy clinical practice, 50(4):251–264

CULTURE (SOCIOLOGY)

Assessment of motor and process skills applied cross-culturally to the Japanese, 50(10):798–806

Comparison of verbal evaluation of clients with limited English proficiency and English-speaking clients in physical rehabilitation settings, 50(10):816–825

CURRICULUM

Brief or New—Using the arts to enhance confluent learning, 50(2): 148–151

Teaching strategies for the development of clinical reasoning, 50(8):676–684

CURRICULUM DESIGN

Brief or New—Pilot study of needs assessment for school-based occupational therapy, 50(9):747–749

D

DECISION MAKING

Clients' perceptions of discharge housing decisions after stroke rehabilitation, 50(3):207–216

DEVELOPMENTAL THERAPY

Supervision and consultation services for pediatric occupational therapists, 50(9):725–731

DEXTERITY EVALUATION

Factors that relate to good and poor handwriting, 50(9):732–739

E

EDUCATION
Analysis of the orthopedic content in an occupational therapy curriculum from a clinical reasoning perspective, 50(8):669–675
Brief or New—Using the arts to enhance confluent learning, 50(2): 148–151
Perceptions of computer literacy among occupational therapy students, 50(3):217–222
Teaching strategies for the development of clinical reasoning, 50(8): 676–684

EDUCATION, OCCUPATIONAL THERAPY, CONTINUING
Clinical interpretation of "Education and Training of Occupational Therapists for Neonatal Intensive Care Units," 50(7): 495–503
Education and training of occupational therapists for neonatal intensive care units, 50(7):486–494

EDUCATION, PROFESSIONAL
Brief or New—Making a clinical climate in the classroom, 50(10): 894–898

EDUCATION, SPECIAL
Occupational therapy in full-inclusion classrooms: A case study from the Moorpark model, 50(9):718–724

ENVIRONMENT
Collaborative consultation: The efficacy of remedial and compensatory interventions in school contexts, 50(9):709–717
Influence of instrumental activities of daily living assessment method on judgments of independence, 50(3):202–206
Life-style performance: From profile to conceptual model, 50(2): 139–147

ENVIRONMENT, CONTROLLED
Brief or New—Cruise ship accommodations for passengers with physical limitations due to disability or age, 50(8):685–687

ENVIRONMENTAL DESIGN
Managing the occupational environment of managed care, 50(6): 442–446

EQUILIBRIUM
Effects of a program on symmetrical posture in patients with hemiplegia: A single-subject design, 50(1):17–23

EVALUATION PROCESS, OCCUPATIONAL THERAPY
Comparison of verbal evaluation of clients with limited English proficiency and English-speaking clients in physical rehabilitation settings, 50(10):816–825

F

FAMILY
Alma: Coping with culture, poverty, and disability, 50(4):265–276

FAMILY THERAPY
Story of Maricela and Miguel: A narrative analysis of dimensions of adaptation, 50(4):286–298

FEDERAL REGULATIONS, HEALTH
Resource utilization groups system of nursing home reimbursement policies: Influences on occupational therapy practice, 50(10):790–797

G

GROUP ACTIVITIES
Looking Back—Use of drama and puppetry in occupational therapy during the 1920s and 1930s, 50(3):229–233
Use of electronic music as an occupational therapy modality in spinal cord injury rehabilitation: An occupational performance model, 50(5):362–369

H

HAND EVALUATION
How forearm position affects grip strength, 50(2):133–138 [Correction, 50(2):147]

HAND FUNCTIONS
Fine motor outcomes in preschool children who receive occupational therapy services, 50(1):52–61
How forearm position affects grip strength, 50(2):133–138 [Correction, 50(2):147]
Soft versus hard resting hand splints in rheumatoid arthritis: Pain relief, preference, and compliance, 50(5):347–353

HANDICRAFTS
Looking Back—Diversional occupational therapy in World War I: A need for purpose in occupations, 50(10):881–885

HEAD INJURIES
Case Report—Resumption of outpatient occupational therapy for a young woman five years after traumatic brain injury, 50(3): 223–228

HEALTH
Legitimizing occupational therapy's knowledge, 50(8):626–634
Moving occupation into treatment: Clinical interpretation of "Legitimizing Occupational Therapy's Knowledge," 50(8):635–638
Transformative narratives: From victimic to agentic life plots, 50(4):299–305
Work and leisure: Transcending the dichotomy, 50(7):569–577

HEALTH PLANNING ORGANIZATIONS
Managed care fundamentals: Implications for health care organizations and health care professionals, 50(6):413–416

HEALTH PROMOTION
Clinical interpretation of "Occupational Therapy Students' Perspectives of Occupation as an Agent That Promotes Healthful Lifestyles," 50(10):842–843
Occupational therapy students' perspectives of occupation as an agent that promotes healthful lifestyles, 50(10):835–841

HEALTH SERVICES ADMINISTRATION
Managed care fundamentals: Implications for health care organizations and health care professionals, 50(6):413–416

HEMIPLEGIA
Shoulder pain and subluxation after stroke: Correlation or coincidence? 50(3):194–201

HISTORY
Historical development of neuroscience in physical rehabilitation, 50(7):561–568
Looking Back—Diversional occupational therapy in World War I: A need for purpose in occupations, 50(10):881–885

HISTORY OF OCCUPATIONAL THERAPY
Legitimizing occupational therapy's knowledge, 50(8):626–634
Moving occupation into treatment: Clinical interpretation of "Legitimizing Occupational Therapy's Knowledge," 50(8):635–638

HISTORY TAKING
Metaphor and meaning in a clinical interview, 50(5):338–346

HOSPITALS
Pet therapy intervention with geriatric psychiatry inpatients, 50(1): 47–51

HUMAN ACTIVITIES AND OCCUPATIONS
Case Report—Resumption of outpatient occupational therapy for a young woman five years after traumatic brain injury, 50(3):223–228
Clinical interpretation of "Occupational Therapy Students' Per-

spectives of Occupation as an Agent That Promotes Healthful Lifestyles," 50(10):842–843
Comparison of performance in added-purpose occupations and rote exercise for dynamic standing balance in persons with hemiplegia, 50(1):10–16
Continuity and change: Past experience as adaptive repertoire in occupational adaptation, 50(7):526–534
Jenny's story: Reinventing oneself through occupation and narrative configuration, 50(4):306–314
Legitimizing occupational therapy's knowledge, 50(8):626–634
Materials-based, imagery-based, and rote exercise occupational forms: Effect on repetitions, heart rate, duration of performance, and self-perceived rest period in well elderly women, 50(10): 783–789
Moving occupation into treatment: Clinical interpretation of "Legitimizing Occupational Therapy's Knowledge," 50(8):635–638
Occupational therapy students' perspectives of occupation as an agent that promotes healthful lifestyles, 50(10):835–841
Other side of the coin: Growing up with a learning disability, 50(4):277–285

HUMAN ENGINEERING (TECHNOLOGY)
Minimal forces to move patients, 50(5):354–361

HUMAN OCCUPATION MODEL
Metaphor and meaning in a clinical interview, 50(5):338–346

I

INFANT, HIGH RISK
Clinical interpretation of "Education and Training of Occupational Therapists for Neonatal Intensive Care Units," 50(7):495–503
Education and training of occupational therapists for neonatal intensive care units, 50(7):486–494
Effects of a prefeeding stimulation program on preterm infants, 50(3):184–192

INFANT, LOW BIRTH WEIGHT
Clinical interpretation of "Education and Training of Occupational Therapists for Neonatal Intensive Care Units," 50(7):495–503
Education and training of occupational therapists for neonatal intensive care units, 50(7):486–494

INJURED WORKER
Brief or New—Roles and functions of a case manager, 50(6):452–454

INSTITUTIONAL PRACTICE
Managing the occupational environment of managed care, 50(6): 442–446

INSURANCE, HEALTH, REIMBURSEMENT
Brief or New—Roles and functions of a case manager, 50(6):452–454
Managed care fundamentals: Implications for health care organizations and health care professionals, 50(6):413–416

INTERPERSONAL RELATIONS
Brief or New—Developing a repertoire of professional behaviors, 50(7):583–587

INTERVENTION PROCESS, OCCUPATIONAL THERAPY
Life-style performance: From profile to conceptual model, 50(2): 139–147
Providing effective occupational therapy services: Data-based decision making in school-based practice, 50(9):701–708

INTERVIEWING
Metaphor and meaning in a clinical interview, 50(5):338–346

J

JOB ANALYSIS
Minimal forces to move patients, 50(5):354–361

JOINT MOBILIZATION
Reliability of potential clinical measures of muscle tone in the elbows of patients after stroke, 50(7):554–560

L

LATERALITY
Right-hemispheric activation approaches to neglect rehabilitation poststroke, 50(7):504–515

LEARNING
Brief or New—Developing a repertoire of professional behaviors, 50(7):583–587

LEGISLATION
Brief or New—Cruise ship accommodations for passengers with physical limitations due to disability or age, 50(8):685–687

LEISURE ACTIVITIES
Brief or New—Cruise ship accommodations for passengers with physical limitations due to disability or age, 50(8):685–687

M

MENTAL DISORDERS
Brief or New—Occupational Therapy Task Observation Scale (OTTOS)©: A rapid method for rating task group function of psychiatric patients, 50(5):380–385
Influence of instrumental activities of daily living assessment method on judgments of independence, 50(3):202–206

MENTAL HEALTH
Managed mental health care: Reflections in a time of turmoil, 50(6):428–434

MENTAL RETARDATION
Case Report—Compensatory counting system: Academic skill training, 50(9):740–746

MODALITIES, OCCUPATIONAL THERAPY
Brief or New—Effect of neuromuscular electrical stimulation in reducing tone, 50(1):62–64

MOTHER–CHILD RELATIONS
Play-focused intervention involving mothers of preschoolers, 50(2): 113–123

MOTIVATION
Comparison of performance in added-purpose occupations and rote exercise for dynamic standing balance in persons with hemiplegia, 50(1):10–16

MUSCLE SPASTICITY
Brief or New—Effect of neuromuscular electrical stimulation in reducing tone, 50(1):62–64
Effect of an inhibitive weight-bearing splint on tone and function: A single-case study, 50(10):807–815
Reliability of potential clinical measures of muscle tone in the elbows of patients after stroke, 50(7):554–560

MUSCLE TONUS
Reliability of potential clinical measures of muscle tone in the elbows of patients after stroke, 50(7):554–560

N

NEURODEVELOPMENTAL THERAPY
Effects of an occupationally embedded exercise on bilaterally assisted supination in persons with hemiplegia, 50(8):639–646

NEUROSCIENCES
Historical development of neuroscience in physical rehabilitation, 50(7):561–568

NEW YORK
Resource utilization groups system of nursing home reimbursement policies: Influences on occupational therapy practice, 50(10):790–797

O

OCCUPATIONAL THERAPY IN PSYCHIATRY
Clinical interpretation of "Predictors of Functional Outcome Among Adolescents and Young Adults With Psychotic Disorders," 50(3):182–183
Predictors of functional outcome among adolescents and young adults with psychotic disorders, 50(3):171–181

OCCUPATIONAL THERAPY (PROFESSION OF)
Managed mental health care: Reflections in a time of turmoil, 50(6):428–434
Work and leisure: Transcending the dichotomy, 50(7):569–577

OCCUPATIONAL THERAPY SERVICES
Collaborative consultation: The efficacy of remedial and compensatory interventions in school contexts, 50(9):709–717

OCCUPATIONAL THERAPY (TREATMENT)
Art: An occupation with promise for developing empathy, 50(8): 655–661
Therapeutic occupation: A definition, 50(10):775–782
Therapist's guide to children's self-esteem, 50(2):124–132

ORAL MOTOR FUNCTION
Effects of a prefeeding stimulation program on preterm infants, 50(3):184–192

ORTHOTIC DEVICES
Soft versus hard resting hand splints in rheumatoid arthritis: Pain relief, preference, and compliance, 50(5):347–353

OUTCOME AND PROCESS ASSESSMENT (HEALTH CARE)
Outcomes research: The history, debate, and implications for the field of occupational therapy, 50(6):435–441

OUTCOME STUDY
Meta-analysis of the effectiveness of occupational therapy for older persons, 50(2):89–98

P

PATIENT CARE MANAGEMENT
Resource utilization groups system of nursing home reimbursement policies: Influences on occupational therapy practice, 50(10):790–797

PEDIATRICS
Effect of switch control site on computer skills of infants and toddlers, 50(7):545–553
Perceptions and experiences of occupational therapists in rural schools, 50(5):370–379

PEG BOARDS
Grip strength and finger dexterity across five styles of commercial wrist orthoses, 50(1):32–38 [Corrections, 50(3):193]

PERSONALITY DEVELOPMENT
Experience of head injury on the impairment of gender identity and gender role, 50(7):535–544

PHYSICAL DISABILITIES, OCCUPATIONAL THERAPY
Analysis of the orthopedic content in an occupational therapy curriculum from a clinical reasoning perspective, 50(8):669–675

POLICIES
Brief or New—Cruise ship accommodations for passengers with physical limitations due to disability or age, 50(8):685–687

POSTURE
Effects of a program on symmetrical posture in patients with hemiplegia: A single-subject design, 50(1):17–23

PREVOCATIONAL TRAINING
Case Report—Compensatory counting system: Academic skill training, 50(9):740–746

PROFESSIONAL–PATIENT RELATIONS
Art: An occupation with promise for developing empathy, 50(8): 655–661

PROFESSIONAL PRACTICE
Brief or New—Pilot study of needs assessment for school-based occupational therapy, 50(9):747–749
Providing effective occupational therapy services: Data-based decision making in school-based practice, 50(9):701–708
Supervision and consultation services for pediatric occupational therapists, 50(9):725–731
Transformative narratives: From victimic to agentic life plots, 50(4): 299–305

PSYCHOMOTOR PERFORMANCE
Factors that relate to good and poor handwriting, 50(9):732–739

PSYCHOTHERAPY
Case Report—Management of avoidance behaviors using direct and indirect psychological methods, 50(7):578–582

PURPOSEFUL ACTIVITIES
Legitimizing occupational therapy's knowledge, 50(8):626–634
Life-style performance: From profile to conceptual model, 50(2): 139–147
Materials-based, imagery-based, and rote exercise occupational forms: Effect on repetitions, heart rate, duration of performance, and self-perceived rest period in well elderly women, 50(10): 783–789
Moving occupation into treatment: Clinical interpretation of "Legitimizing Occupational Therapy's Knowledge," 50(8):635–638
Use of electronic music as an occupational therapy modality in spinal cord injury rehabilitation: An occupational performance model, 50(5):362–369

Q

QUALITATIVE METHOD
Delivering occupational therapy's fullest promise: Clinical interpretation of "Life Domains and Adaptive Strategies of a Group of Low-Income, Well Older Adults," 50(2):109–112
Jenny's story: Reinventing oneself through occupation and narrative configuration, 50(4):306–314
Life domains and adaptive strategies of a group of low-income, well older adults, 50(2):99–108
Life histories in occupational therapy clinical practice, 50(4):251–264
Meaning of sea kayaking for persons with spinal cord injuries, 50(1): 39–46
Perceptions and experiences of occupational therapists in rural schools, 50(5):370–379
Story of Maricela and Miguel: A narrative analysis of dimensions of adaptation, 50(4):286–298

QUALITY ASSURANCE, OCCUPATIONAL THERAPY
Development of critical paths for postacute brain injury rehabilitation: Lessons learned, 50(6):417–427

QUALITY OF LIFE
Life-style performance: From profile to conceptual model, 50(2): 139–147
Meaning of sea kayaking for persons with spinal cord injuries, 50(1):39–46
Outcomes research: The history, debate, and implications for the field of occupational therapy, 50(6):435–441
Transformative narratives: From victimic to agentic life plots, 50(4):299–305

R

RANGE OF MOTION
Brief or New—Use of the edema bar for the treatment of burn patients, 50(5):386–388

RECREATION THERAPY
Meaning of sea kayaking for persons with spinal cord injuries, 50(1):39–46

REFERRAL AND CONSULTATION
Collaborative consultation: The efficacy of remedial and compensatory interventions in school contexts, 50(9):709–717

REHABILITATION
Brief or New—Use of the edema bar for the treatment of burn patients, 50(5):386–388
Effects of a program on symmetrical posture in patients with hemiplegia: A single-subject design, 50(1):17–23

REHABILITATION, HAND
How forearm position affects grip strength, 50(2):133–138 [Correction, 50(2):147]
Soft versus hard resting hand splints in rheumatoid arthritis: Pain relief, preference, and compliance, 50(5):347–353

REHABILITATION (SPECIALTIES)
Historical development of neuroscience in physical rehabilitation, 50(7):561–568

REHABILITATION, VOCATIONAL
Looking Back—Diversional occupational therapy in World War I: A need for purpose in occupations, 50(10):881–885

RESEARCH
Value of studying occupation: An example with primate play, 50(5):327–337 [Correction, 50(8):638]

RESEARCH DESIGN
Theory application by school-based occupational therapists, 50(8): 662–668

ROLE PLAYING
Case Report—Management of avoidance behaviors using direct and indirect psychological methods, 50(7):578–582
Looking Back—Use of drama and puppetry in occupational therapy during the 1920s and 1930s, 50(3):229–233

S

SCHIZOPHRENIA
Clinical interpretation of "Predictors of Functional Outcome Among Adolescents and Young Adults With Psychotic Disorders," 50(3):182–183
Predictors of functional outcome among adolescents and young adults with psychotic disorders, 50(3):171–181

SCHOOL BASED OCCUPATIONAL THERAPY
Factors that relate to good and poor handwriting, 50(9):732–739
Occupational therapy in full-inclusion classrooms: A case study from the Moorpark model, 50(9):718–724

SCHOOL HEALTH SERVICES
Theory application by school-based occupational therapists, 50(8): 662–668

SCHOOLS
Supervision and consultation services for pediatric occupational therapists, 50(9):725–731

SELF CARE
Fine motor outcomes in preschool children who receive occupational therapy services, 50(1):52–61

SELF CONCEPT
Effects of a skiing experience on adolescents with limb deficiencies: An occupational adaptation perspective, 50(1):24–31
Therapist's guide to children's self-esteem, 50(2):124–132

SENSORY INTEGRATION
Analysis of score patterns of children with attention disorders on the Sensory Integration and Praxis Tests, 50(8):647–654
Other side of the coin: Growing up with a learning disability, 50(4):277–285

SEQUENCE OF TRAINING
Case Report—Compensatory counting system: Academic skill training, 50(9):740–746

SHOULDER DISLOCATION
Shoulder pain and subluxation after stroke: Correlation or coincidence? 50(3):194–201

SOCIOECONOMIC FACTORS
Alma: Coping with culture, poverty, and disability, 50(4):265–276

SPINAL CORD INJURIES
Improving sexual rehabilitation services: The patient's perspective, 50(10):826–834

SPLINTS
Grip strength and finger dexterity across five styles of commercial wrist orthoses, 50(1):32–38 [Corrections, 50(3):193]

SPORTS
Effects of a skiing experience on adolescents with limb deficiencies: An occupational adaptation perspective, 50(1):24–31

STUDENTS
Brief or New—Using the arts to enhance confluent learning, 50(2): 148–151

SUCKING BEHAVIOR
Effects of a prefeeding stimulation program on preterm infants, 50(3):184–192

T

TECHNOLOGY
Brief or New—Computer-assisted instruction in occupational therapy education, 50(10):890–893
Perceptions of computer literacy among occupational therapy students, 50(3):217–222
Use of electronic music as an occupational therapy modality in spinal cord injury rehabilitation: An occupational performance model, 50(5):362–369

THERAPEUTIC ACTIVITIES
Looking Back—Use of drama and puppetry in occupational therapy during the 1920s and 1930s, 50(3):229–233
Value of studying occupation: An example with primate play, 50(5):327–337 [Correction, 50(8):638]

THERAPEUTIC EXERCISE
Effects of an occupationally embedded exercise on bilaterally assisted supination in persons with hemiplegia, 50(8):639–646
Materials-based, imagery-based, and rote exercise occupational forms: Effect on repetitions, heart rate, duration of performance, and self-perceived rest period in well elderly women, 50(10): 783–789

THERAPEUTIC USE OF SELF
Case Report—Management of avoidance behaviors using direct and indirect psychological methods, 50(7):578–582

V

VOLITION
Volitional questionnaire: Psychometric development and practical use, 50(7):516–525

W

WORKLOAD MEASUREMENT
Interest among occupational therapy managers in measuring workload for case costing, 50(6):447–451
